ERA Real Estate

TVCS FOR NATIONAL TELEVISION

We came up with their concepts and directed clips for bTV, one of few national television channels, that engage and impress.

CREATING ENGAGING FORMATS

Videos in studios, offices, outdoors – formats that unite teams and audiences.

OOH, WINDOW DISPLAYS, AND VEHICLES

ERA takes pride in Kaboom's designs, whether it's posters, window displays, or vehicles.

SOCIAL MEDIA CONTENT

We travel to capture what is happening from the epicenter of the event — no matter where each of their 44 offices across the country is at.

FANTASTIC CAMPAIGNS REGARDLESS OF THE MEDIA

"20 years of ERA!", created at a conceptual level, then produced with filming, key visuals for calendars, posts, and window displays.

CREATING ORIGINAL BTL COMMUNICATION

For example, a podcast, even one in a moving car, a wheel of fortune, a "battle" between brokers, and many others.

PHOTOGRAPHY, STYLING, ANIMATION

We photographed their pastry in a way that one can almost smell the flavor through the image. Every detail is appetizing, every frame is delicious.

UNCONVENTIONAL MEDIA FORMATS

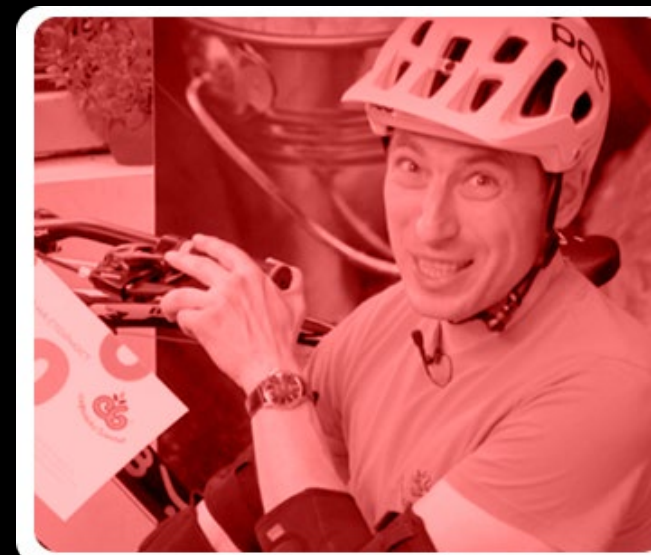

We created campaigns featuring a real "truth detector", musicians, and a replica of the TV show "Sea of Love," but centered around pastry.

TOTAL IDENTITY AND DESIGN

We built an entire visual world – colors, fonts, graphics, illustrations, including those found in every bakery.

CAMPAIGNS AND SOCIAL MEDIA CONTENT

We created content featuring people, not just products. Because a person can say "it's delicious," but a pastry cannot.

PACKAGING AND VEHICLE BRANDING

We designed their packaging and branded their entire fleet – from the supermarket to the street, everything speaks with one voice.

DIGITAL MARKETING STRATEGY

We created their first complete digital strategy – a plan that works and delivers results.

DESIGN OF VARIOUS PACKAGING

We create dozens of promotional designs for boxes, each with its own individuality and style.

ADAPTATION OF TELEVISION COMMERCIALS

We animate, add sound, and adapt TV clips for all of their brands – Avène, Elgydium, Eludril, and others.

VIDEO FOR SOCIAL MEDIA AND TV

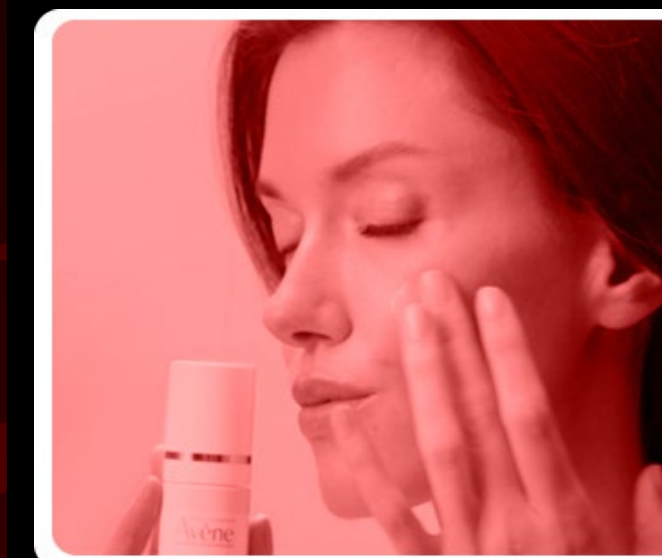

Direction, planning, model casting, filming – everything to make the products and brands shine.

PRECISE AND REALISTIC 3D ANIMATION

We create 3D models and animations of products that come to life in videos for social networks and television.

ADAPTATION OF VIDEO MATERIALS

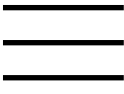

Regardless of complexity – we adapt everything for Avène, Ducray, Elgydium, Eludril, Rene Furterer, Klorane, and others.

CREATING ENGAGING BTL CAMPAIGNS

Concept, planning, realization – their BTL campaigns are created to buzz and steal the show against very modest budgets.

HOW DO WE DELIVER RESULTS?

We don't have a "secret recipe" (like 11 secret spices for chicken ;),
but rather a fantastic mix of skills, processes, and experience.
Furthermore, they say we are "cool people who are easy to work with."
